RECALL AND OVERTIME PAYMENT *STRIKE TEAM AND RAPID RESPONSE DEPLOYMENT*

Members should be aware that the UFU has requested a meeting with the MFB on Monday 18 January 2010 to discuss all payments to members for strike teams and rapid response teams utilized in recent days.

The UFU office and delegates have had numerous enquiries in regards to members' entitlements and these deployments. As there seems to have been a shift from recent agreed positions by the MFB in reference to these payments, all issues need to be discussed between the parties.

The UFU trusts that arrangement compliant with the current work agreement can be met and delivered upon by the MFB at this meeting.

A full report back to the membership will follow as soon as possible.

Any queries should be directed to the Branch President David Hamilton on 0409 388 721.
